What else can the Satisfyer Embrace Me vibrator offer you?

Built for pleasure connoisseurs, the Embrace Me provides dual and upside-down stimulation through its 2 powerful motors. Different from regular rabbit vibrators, the Embrace Me provides intensified stimulation from above, rather than below. Use the big shaft with a pointed tip for extremely targeted stimulation. The clitoral tickler features 3 nubs for broader stimulation of the clitoris and labia. With the +/- buttons controlling the motor that powers G-Spot stimulation, and the ~ button to separately control the motor dedicated to clitoral stimulation, easily sift through 12 individual functions per motor to find your ideal pleasure!

The Embrace Me is made of body-safe silicone, is rechargeable and waterproof (IPX7).
