Product description

What could be more pleasant than being a woman? For many women, the menstrual period isn't much fun - seizures, hormonal chaos and the constant worry that something will go wrong - it's time to make it a little easier, at least when it comes to feminine hygiene!

Blessed is the new trend in the world of women: menstrual cups are not only an ecological alternative to tampons and the like, but also impress with their uncomplicated use. The Set Feel Good offers two menstrual cups made of medical and skin-friendly silicone, with a capacity of 15 and 20 ml. Thanks to the seamless construction and the elegant removable cord, the cup is very easy and pleasant to use. The flexible material adapts perfectly to its contours and offers safe and hygienic protection for a period of up to 12 hours. Finally you can enjoy sports, sauna or thermal baths completely relaxed!

Another plus: It saves expensive tampons, which affect your vaginal flora and can leave fine tears in the vaginal wall when removed. So, treat the temple of your femininity with health and at the same time do something for the environment: without additional purchases, without disposal. With good care, you can enjoy your Menstrual Cup for many years. Simply good, isn't it?

Medical grade silicone

- Reusable
- Suitable for beginners and advanced women
- Kit includes 2 cups
- Feel Good design
- Cups of 15 and 20ml

MATERIAL AND CARE

The menstrual cup is made of skin-friendly, easy-to-slide, flexible medical silicone. For particularly easy insertion, you can Waterfeel water-based lubricants that are ideal for the product. Before using for the first time or between two periods, you can clean your cup by boiling it in water for a few minutes. During the period, washing with clean water is sufficient.
