Versatile stimulation with the G-Spot Flex 2

This vibrator will quickly become your all-round favourite. The flexible vibrator can be used for both G-spot stimulation and double stimulation of the G-spot and clitoris. Thanks to the internal wire, you can adjust the stimulation angle individually to your curves - or with a single movement transform the talented pleasure bringer into a rabbit vibrator which stimulates the clitoris and G-spot at the same time with deep vibrations from two powerful motors. The flattened shaft with a rounded tip is reminiscent of a tongue pampering you, fulfilling your personal desires.

A flexible vibrator with many functions

The G-Spot Flex 2 pampers you with 12 vibration levels, which can be easily controlled via the control panel. The smooth silicone is gentle on the skin and glides smoothly into you. Thanks to the waterproof (IPX7) finish, nothing stands in the way of exciting moments in the shower or bath - this vibrator makes you happy whenever and wherever you feel like it!
