Satisfyer Glorious Duo - Powerful Vibrating Cock Ring

Satisfyer Glorious Duo offers twice the fun thanks to the combination of a cock ring and a testicle ring: The sexual well-being device wraps the penis and testicles, creating an exciting blood-stagnating effect that not only allows you to endure more time during sex, it also creates more intense sensations. At the same time, the vibrating penis ring also takes care of your partner intensively and completely with the large clitoral stimulator. The powerful motor inside provides 12 varied vibration programs that can be easily and intuitively controlled via the one-touch button on the rear. A prominent feature of the Satisfyer Glorious Duo is its appearance,

Body-friendly silicone penis ring

This Satisfyer testicle and penis ring is made of high-quality medical silicone, making it particularly hygienic and harmless to the body. In addition, the Satisfyer Glorious Duo is waterproof (IPX7), so nothing will prevent its use in the shower or in the bathtub. After your moments as a couple, you can easily clean the penis ring with water, a little mild soap and a cleanser for sexual well-being devices and recharge it with the included USB charging cable.
