- Editable preset programs
- Waterproof (IPX7)
- Whisper mode
- Lithium-ion battery
- Easy to clean
- USB magnetic charging cable included

Satisfyer Heat Climax +: Anal vibrator with heating function

Enjoy double stimulation of your hot spots with the Satisfyer Heat Climax+ with app control! The anal vibrator is equipped with 2 motors, each located in the two shafts of the vibrator. The pleasurable warming function also ensures an authentic, realistic feeling with a temperature of 39°, like that of body heat. The blissful warmth also increases blood flow, which intensifies your back-door stimulation.

Thanks to its curved, ergonomic shape, the Satisfyer Heat Climax+ is ideal for a prostate massage: The smooth, rounded tip hits your hot spot directly. Meanwhile, the small shaft provides additional stimulation of the perineum with arousing vibrations. However, the Heat Climax+ can also provide incredible pleasure to the G-spot and clitoris: the warming vibrator is unisex and can be used by any gender. Don't forget to thoroughly clean and disinfect the vibrator if you want to use it vaginally after anal stimulation.

What are some of the other great things about the Satisfyer Heat Climax+?

You can control the 12 preset programs of the Satisfyer Heat Climax+ intuitively using the control panel on the handle of the sexual wellness device. Do you love it when things get wild? No problem, because you'll always have everything under control with the practical retaining ring. And it gets even better: The heated vibrator can also be controlled with the free Satisfyer Connect app, which is available for iOS and Android and offers you exciting features such as remote control, music vibes or a

vibration designer. There are so many features to discover – what are you waiting for?

The Satisfyer Heat Climax+ is made of body-friendly silicone and is particularly hygienic and gentle on your skin. This pleasure-bringer can also join you in the shower or bathtub thanks to its waterproof (IPX7) finish. You can recharge the integrated batteries with the included USB charging cable.
