Product description

Satisfyer are stylish toys!!

Satisfyer Balls Training set 2, is a set of 3 balls with different weights that helps tone the pelvic floor muscles responsible for sexual pleasure, while It keeps the walls of the vagina elastic and sensitive to stimulation and pleasure. Satisfyer's set of balls are perfectly designed for personalized use, you can carry the liquid silicone balls anywhere in a very comfortable way.

The set includes three balls with different weights.

- 79.3 Grams, indicated for beginners or at the beginning of treatment.
- 114.1 Grams, indicated for the second phase of treatment or advanced people.
- 150.3 Grams, indicated for perfect maintenance or advanced use.

Thanks to their medical, soft and silky liquid silicone, they slide perfectly in use.

- Once you have them inside you, your pelvic muscles will start working trying to keep the balls in place.

Training set 2 they are so incredibly discreet, you can wear them without anyone noticing, secretly and in a fun way.

Satisfer balls are completely respectful of your skin, free of phthalates and very hygienic, without forgetting that they are hypoallergenic and perfect for the most sensitive skin. sensitive.

Use a good water-based lubricant such as the waterfeel brand or nina kiki when used if necessary (avoid silicone lubricants)

At Satisfyer we seek innovation, design and quality to satisfy you like no one else does.

Kegel Guide

Benefits of Kegel Training

Stronger pelvic floor muscles improve bladder control, enhance sexual sensation (for both partners), and speed postpartum recovery.

Most users notice improvements within 4-6 weeks of regular (daily) use.
