A different game night with Satisfyer Marvelous Four

How about non-contact clitoral stimulation thanks to the patented Air Pulse technology? The pressure wave vibrator pampers your buds with tingling negative pressure and sensual pressure waves. Do you like double stimulation? Then let yourself be seduced by the two powerful motors of the rabbit vibrator.

If you're in the mood for anal stimulation, try the anal vibrator, which thanks to its ergonomically curved shape fills you up completely. The accessory is also suitable for G-spot stimulation; Consider a thorough cleaning and disinfection between play hours. After a long day, we recommend the massager: the rounded head loosens all tense muscles and can also be used for clitoral stimulation.

All toys offer you 12 varied vibration programs that range from delicate to intense and will make your head spin. The pressure wave vibrator pulses at 11 different intensities.
