- Easy to clean

**Sensual prostate massage with the Satisfyer Plug-ilicious 1.**

Enjoy seductive backdoor stimulation with the Satisfyer Plug-ilicious 1. The anal vibrator is made of soft, body-friendly silicone and is easy to insert - and the wide base ensures a safe time when you’re having fun. With its conical shape and rounded tip, the anal vibrator can be used for men and women. Since the Plug-ilicious 1 is waterproof (IPX7), it can also join you in the shower or bathtub - and can be cleaned easily with warm water and mild soap. We always recommend the use of a water-based lubricant for backdoor action. Satisfyer's lubricants are available in different versions and are the ideal complement for anal play.

**Vibrating butt plug with app control**

The Plug-ilicious 1 also offers you the option to control it by app with the new Satisfyer Connect App. The app not only allows you or your partner to remotely control this pleasure-bringer from anywhere in the world via the Internet - you can also create your own vibration programs or link the app to your Spotify account.

The possibilities are endless! The app is available for Android, iOS and Apple Watches. After enjoying yourself, you can recharge the integrated batteries in your Plug-ilicious 1 with the included USB charging cable.
