Enjoy sensual ecstasy with the Satisfyer Plug-ilicious 2! The anal vibrator for men and women has a conical shape and a flattened tip, which pleasantly fills your backside, stimulating you with intense vibrations. The vibration programs can be controlled both via the integrated control panel and via the Satisfyer Connect App. There’s a lot to discover with the free app: Besides creating your own vibration patterns, you can also exchange information with other users or enjoy video and audio calls with your partner. The Satisfyer Connect App is available for Android, iOS and Apple Watches.

What other great features does the app-controlled anal vibrator have?

The Satisfyer Plug-ilicious 2 is made of body-friendly, soft silicone and is easy to insert thanks to its smooth surface. The wide base also functions as a handle and ensures safe play. For a smooth experience we recommend the additional use of lubricant: Satisfyer lubricants are available in different variants and are ideally suited to the material of the butt plug. The Plug-ilicious 2 is also waterproof (IPX7), making it not only the ideal companion for playtime in the shower, but also easy to clean with warm water and mild soap.
