Product description

Embark on an intergalactic journey of pleasure with Pure Gravity 3. This elegant dildo features a curved silhouette and dual-texture design that offers versatile G-spot stimulation capable of taking you to another planet.

- Made from robust, high-quality stainless steel
- Temperature-resistant material—perfect for experimenting with cold and warm sensations
- Ideally designed to reach the G-spot for intense stimulation
- Usable from both ends
- Easy to clean
- Solid stainless steel
- Intense pleasure thanks to its substantial weight

Solid design for weightless pleasure

Pure Gravity 3 is more than just a sex toy—it’s an out-of-this-world experience. This luxurious dildo, masterfully crafted from stainless steel, perfectly combines weight, shape, and texture. Its ergonomically curved body is designed to precisely stimulate both the G-spot and clitoris, inviting you to explore your own universe of pleasure.

Its unique double-sided design opens the door to new possibilities: one side is completely smooth for a sensual gliding experience, while the other features gentle waves that intensely stimulate the G-spot with every movement. Pure Gravity 3 adapts to your needs like a lover who knows exactly what you want.

Its heavy stainless-steel construction intensifies every movement, achieving greater depth and intensity with minimal effort. Let gravity do the work—the weight of the dildo deepens penetration and guides you toward effortless orgasms. The luxurious, ultra-smooth surface is exceptionally hygienic, non-porous, and completely body-safe.

And the best part? Temperature play. Cool it in the fridge for a thrilling tingle, or warm it in hot water for seductive heat—Pure Gravity 3 turns every moment into a sensual, space-time-bending adventure.

Limitless temperature play: hot and cold ecstasy

Take your pleasure to galactic heights with Pure Gravity 3. Every detail invites intense, effortless stimulation—just surrender to its elegant dual-ended design. A spectacular stainless-steel dildo perfect for exploring cold and warm sensations: discover interstellar orgasms that go on to infinity.
