What does the Satisfyer Sparkling Darling do?

The Satisfyer Sparkling Darling is clandestine, sexy and seductive. In addition to its high-quality workmanship and exceptional design, this vibrator scores points for its handy size. Thanks to the hygienic cap it can disappear unobtrusively in your handbag and looks as good as your favourite lipstick.

The compact size of this minivibrator hides a lot of power: 10 different vibration patterns and 5 speeds will get your clitoris going and give you explosive orgasms. The straight shaft and rounded tip rest right on your little button stimulating it powerfully. The smooth surface made of delicate silicone feels pleasant on your skin and gets even smoother with some lubricant. The clit vibrator can also be used with its cap on, which gives the surface a metallic look for extra variety on your hot spots.

Why should I get a Satisfyer Sparkling Darling?

The handy size of the Sparkling Darling makes it the ideal travel companion – whether you're on holiday, on business trips, or a trip to the city. It's available anytime and anywhere – even in the shower or bathtub. Thanks to its waterproof (IPX7) finish, it will also make you happy in the shower or bathtub. After using it, you can easily clean your little jewel with some soap, lukewarm water, or a sexual wellness device cleaner.
