Satisfyer Ultra Power Bullet 8: Mini vibrator for intense clitoral stimulation

With its extravagant appearance, the Satisfyer Ultra Power Bullet 8 not only stands out visually, but also offers variety to your lovemaking: Use the narrow tip for selective clitoral stimulation or let the angled surface stimulate large sensitive areas. Despite its slim stature and manageable size, this mini vibrator, like all Satisfyer Ultra Power Bullets, offers strong and deep vibrations with 5 speeds and 7 vibration patterns, which can also be controlled with the Satisfyer Connect app. This little friend is the ideal companion for on the go and everywhere else – even the shower or the bathtub thanks to the waterproof (IPX7) design. After enjoying intimate pleasure, the Ultra Power Bullet 8 can be cleaned easily with a little soap and water and recharged in an environmentally friendly way with the included USB charging cable.

Bullet vibrator with innovative app control

When you use the free Satisfyer Connect app for Android and Apple iOS, sex can be even more entertaining and varied with the Ultra Power Bullet 8: In addition to app control, you can also design your own vibration programs or hand over control of the bullet vibrator to your partner. Would you like to be pleasured to the rhythm of your favorite music? Then this is perfect for you. The app lets you feel all your favorite songs on Spotify as vibrations.
