Product description

SMALL RING, GREAT EFFECT This halo lovingly caresses your manhood, but what you do with it is anything but innocent!

The Satisfyer Ring gives your manhood a sensual upgrade, ensuring you and your partner enjoy a lasting, tingling pleasurable sensation. This little joy bringer is great for using together and will add many a joyful experience to your love life!

At the same time, the clitoral stimulator offers 10 intense vibration settings to stimulate your lady’s love bead at the touch of a button. But even during steamy solo sessions, it will seduce you with its deep vibes and catapult you unerringly to climax.

As soon as you put it on, the toy’s silky-soft, deep blue surface in medical grade silicone sends you towards sensual ecstasy. The ring is pleasantly flexible and adapts itself to all sizes, but once in place it nestles snugly and sexily against your penis.

With the help of the bittersweet blood stasis effect, it effectively delays your climax, giving you maximum stamina and a tight, hard erection - and you won’t be the only person to enjoy them!
