Product description

The Secret Pleasures Box is the perfect kit for gifting moments of pleasure to your partner. Its content is complete and exciting: not only will you experience delightful vibrations with its pink bullet vibrator, but you can also enjoy seductive caresses with its soft-touch pink feather tickler and have fun with its two dice, each offering very different playful options.

You can use the pink die if you want to jump straight into action, following the position it shows when rolled, or the black die if you prefer to enjoy—or offer—sensual experiences such as a striptease, a sensual massage, masturbation, or oral sex, among many other possibilities.

We recommend starting with the black die to warm up the atmosphere, using it along with the feather tickler and the bullet vibrator, and then moving on to more intense action with the pink one. Or simply enjoy an entire playful session with the black die. The choice is yours—you have endless possibilities! The kit also includes a black satin pouch, perfect for storing all items discreetly in your nightstand or wherever you prefer.

Contents:

- Black satin storage pouch
- Pink bullet vibrator
- Pink feather tickler
- Inclusive Kamasutra die with positions represented in pictograms
- Action die with different options (striptease, dirty talk, massage, oral sex, masturbation, and French kiss)
