Product description

The same old Memory game but with very spicy changes! Lay all the cards exposed faced down on the table. The oldest player goes first, he/she should turn two of them over, if they are not a match it is the turn of the other player. If they are a match, the player keeps them and is awarded with another turn until there are no matches left.

It will then be the turn of the next player. This goes on until there are no more cards. The player who has obtained more cards wins and can choose the order in which the positions will be made. These will be represented at the end of the game by clocking them with the hourglass (60s).

Let the challenge begin!

- Clocking and cards included
