Product description

Oral sex and foreplay are truly exciting, but with an extra touch, they can become your favorite activity. Flirty Kiss consists of two gels: one strawberry gel with a spicy warming effect and one mint gel with a vibrant cooling sensation. Both are perfect for couples to use together. One partner will experience an exciting strawberry warmth and a stimulating spicy effect, while the other will feel a vibrant, refreshing mint sensation. An explosion of sensations for unforgettable kisses and oral sex.
