Product description

What is your flavor? With this spicy selection of questions and tests, you and your partner; I will learn more about each other and see if your flavors are compatible. By answering and performing the different tests, you will go through the game board that will guide you; until a final result: Kinky or Vanilla.

The game includes:

- 1 board
- 2 pawns
- 1 Instruction booklet
- 90 cards of tests and questions

There are those who say that when you have sex it is as if you were in front of the counter of an ice cream parlor. You have a lot to choose from: flavors, toppings, cookies, etc. but you may end up choosing the most classic and basic flavor that exists: vanilla ice cream.
But is there anything wrong with it? It may be your favorite ice cream, the one that satisfies you the most, the only one that makes your mouth water... but it could also be that you simply havent found your flavor... Kinky sex is the one that encompasses the rest of the flavors. Some are very strange and daring, and others really not so much.

RULES OF THE GAME

The game begins with both players pawns in the Start box; of the board. The cards are shuffled and placed face down in a pile.

The older couple component begins. The player must take a card from the pile and choose one of the options presented. According to this option a, b or c you must go to one box or another, indicated by an arrow. These little arrows named with the corresponding letter will lead the way around the board.

After each turn the players must measure the card at the bottom of the pile. Then it will be the other players turn. When both players have reached the final result Kinky or Vanilla, they will check their compatibility and find out at the end of this booklet which one. type of couple son. After that they can continue the sexual adventure as they wish... The less time it takes for the player to get to the ice cream flavor, the more Kinky or Vanilla it will be.

If the journey is long it will mean: that its flavor contains certain nuances and is not purely Kinky or Vanilla. Some of the boxes contain erotic tests to be performed alone or as a couple. In this case, consent from both parties is very important, since it is possible that a player is much more daring than his partner and the latter feels less comfortable with some of the tests. If this were your case, the most daring one should do it. answer by fantasizing and imagining the tests without actually practicing them.

Game Guide

How to Choose a Couples Game

Consider your relationship stage and openness. Romantic games focus on conversation and connection. Spicier games include physical challenges and intimate tasks. Many games have multiple difficulty levels.
