Product description

In addition to caress brings pleasure to discover the body of the other person, its shapes, its temperature, its texture and the reaction that produces our caresses.

Thanks to this plume of erotic caresses with feather, you can have all the control over the skin of the person receiving the subtle sexual massage, until it melts ...

- Made with 20 pens
- Resistant rod of 8 mm.de diameter x 30 cm.
- Pink color
- Dimensions: 40 cm.

Sensory Guide

Sensory Play Guide

Start with a blindfold to heighten sensitivity. Use ticklers on inner thighs, stomach, neck, and back - avoid sensitive areas (eyes, genitals) unless partner is comfortable.

Clean feathers with mild soap and water (sparingly). Air dry completely before storing.
