Product description

Advance sexual level with this whipping whip

- Durable wear-resistant construction
- It works like a shovel to hit your partner's butt or their erogenous zones. But the whip has a much smaller surface area, so its overall impact stings more than that of a paddle.
- Length: 38cm
- Blade width: x 3.5 cm

You can easily vary the force of impact from a light blow to a sting.

BDSM Safety

Safety First in BDSM

Consent, communication, and safety are paramount. Our products include safety features like quick-release buckles. Never leave a restrained person unattended.

Start slow, check in often, and always have safety scissors nearby for emergency release.
