They are Chinese vinyl balls, which will provide you with a special pleasure, which you will feel inside your vagina or anus.

"He moved my legs apart, allowing him complete access to my vagina. I began to gasp the moment I felt him insert a cold ball inside me. What are you doing? I asked him almost breathless. They are called Chinese balls, he told me. sliding another ball into my body.

- He helped me sit up and I gasped again as I felt the balls move and crash against each other inside me.
- By the time I was standing, my breathing was labored but calm and my erect nipples were visible beneath my dress..."

They can be used throughout the day, while you carry out your usual activity. As the vagina is stimulated, it is naturally lubricated with its secretions, dilates and is prepared for a more pleasant relationship.
