Product description

Slide into someone more comfortably with the ultimate 3-in-1 silicone-based lubricant. Superslide is made with the highest quality silicone, making it light and smooth, yet providing all the staying power you need. Superslide lubricates even underwater, so you can use it in the shower or bath for extra fun. With countless uses both in and out of the bedroom, you'll definitely get excellent value for money thanks to its highly concentrated, long-lasting, and luxurious formula.

FEATURES:

- Ultra-long-lasting, waterproof, lightweight, and silky lubricant
- Fragrance-free sensual massage lotion
- Supreme skin moisturizer
- Super concentrated: a little goes a long way
- Guaranteed never to get sticky
- Latex-safe
- Clear and odorless formula

Skins Superslide contains 100% pure silicone lubricant, which gives it exceptional longevity. Silicone does not damage latex and is completely safe for internal use, as its molecules are too large to penetrate the skin or mucous membranes. Remember not to use silicone with silicone toys. The king of lubricants, silicone-based lubricants maintain their lubricating properties better and for longer than water-based lubricants, and are highly concentrated, so a little goes a long way. They are completely waterproof, making them ideal for use in the shower and hot tub.
