Product description

Sugar-free peppermint candies are a delicious option that offers a refreshing and tasty experience without the drawbacks of sugar. These candies are made with care, using a combination of high-quality ingredients to provide a distinctive and enjoyable flavor.

The base of these candies is mint, an herb known for its refreshing and aromatic properties. Mint not only adds a fresh touch to the candies, but also contributes to a clean mouthfeel.

The sugar-free feature of these candies makes them an ideal option for those looking to take care of their oral health and control their sugar consumption. This makes them suitable for people who follow low-carbohydrate diets or for those who want to enjoy a sweet treat without compromising their well-being.

The variety of colors in these candies not only adds an appealing visual element, but also allows for a multi-sensory experience. Each color can be associated with a specific flavor, adding a playful touch to the candy-eating experience.

Just because these candies are sugar-free doesn't mean they sacrifice flavor. Thanks to advances in sugar-free sweetener technology, these candies can offer a balanced and satisfying sweetness without compromising the flavor profile.

Satisfaction, plus fresh breath! Contains 30 g of multicolored penis-shaped mints, sugar-free, in a high-quality embossed tin.

- Suitable for vegetarians and vegans
