Product description

Cannabis hybrid lubricant offers long-lasting glide. Water- and silicone-based blend for greater durability.

Thanks to the properties of cannabis, it provides a long-lasting warming effect.

Compatible with condoms.

The quality formula is developed to ensure the smoothest touch while protecting the skin and intimate membranes. This quality lubricant is gluten-free, sulfate-free, paraben-free, phthalate-free, and contains no harsh preservatives or added colors. With medical-grade approval, it complies with all current EU regulations regarding intimate care products and offers a reliable, transparent, and competitively priced alternative to other unapproved options on the market.

This **S8** line of intimate care essentials combines premium formulas at an affordable price, making it a great value option for erotic wellness. **S8** is designed to heighten pleasure and enhance intimacy in a natural and body-safe way. The **S8** collection offers something for everyone. From water-based, silicone-based, flavored, and hybrid lubricants to toy cleaners and stimulating gels, S8 has it all. S8's appeal in pharmacies is that it's as natural as possible, mimicking natural lubrication while keeping the formulas free of unnecessary chemicals. The products contain no harsh preservatives and are free of parabens, phthalates, and gluten, all of which are clearly indicated on the lubricants' clear packaging. S8 meets all European standards and regulations for intimate care products and offers a reliable, body-safe, and pleasurable experience for all lovers of intimate pleasure.
