### Product description

HAVE BLACK FLIP HOLE. **TENGA FLIP HOLE BLACK**, the next step in the future of masturbation.

The FLIP HOLE by Tenga is a sensation kept secret for a long time. It is not designed like an artificial vagina, much better than that. More than making a toy that simulates a woman's vagina, they have gone further and created the Flip Hole, to be the best aid for male masturbation on the market. Its sophisticated details will immerse you in a totally new sensation!

The Tenga FLIP HOLE can be easily opened, so adding lubricant and cleaning couldn't be easier.

Its interior is made of an extraordinary elastomer, which gives it an ultra-soft and enveloping gelatinous touch. The firm and compact reliefs cause great stimulation!

Every centimeter of its path has a function; Its solid entrance with reliefs will stimulate your glans and as you enter it, you will feel how its waves caress you, changing to a more intense sensation with its wing-shaped edges, to finally enjoy its large nerves located on both sides that will give you a warm welcome. Its flexible exterior with buttons allows total control of the stimulus.

It's loaded with new features like the floating pad and vacuum pump! You control the intensity and pressure as you prefer. The typology of its design will take you to a world of pleasant sensations!

To enjoy FLIP HOLE to the fullest, we strongly advise using it with HOLE LOTIONS.

Three types of exclusive lubricant, each with different characteristics. Experimenting with them will enrich your experience with FLIP HOLE, and using the one that transmits the most sensual sensations will elevate your experience with FLIP HOLE to heaven.
