Product description

DISCOVER TREASURE MERLIN

Allow Treasure Merlin to turn your sensitive spots into pure pleasure simultaneously.

At first glance, this devilishly creative dual-headed vibrator appears to be used only solo, however, this multifunctional toy can be used during sex and has the potential to please both partners for an escalating experience.

Strategically placed on the vaginal stimulation rod and the anal stimulator, the two powerful yet whispering motors provide intense pleasure. Whether you're in the mood for a bit of endless play or total penetration and satisfaction, explore the 10 vibration modes. Choose from a multitude of slow and steady settings, quick toe-shaking jolts, or soft, sporadic pulsations.

Entirely encased in 100% silicone, the silky smooth skin of this dual shaft vibrating toy is hypoallergenic and safe and smooth to the touch.

The thick, round bottom is textured with curves and indentations for easy insertion and removal. Plug the included USB cable into the port on the back of Treasure Merlin for 90 minutes for 40 minutes of ultra-satisfying gameplay.

The Treasure double penetration toy is 100% splash resistant. Combine Treasure Merlin with your favorite water-based lubricant to create a super slippery feel.

HOW TO USE IT?

The use of Treasure Merlin is very intuitive, you must take into account if you are going to use it with a partner or alone. Then, you should use your favorite water-based lubricant and pour it on top of the toy and on the areas that you are going to stimulate. Especially the anus, because it does not lubricate naturally.

Once you're ready, you can start penetration, and remember, Treasure Merlin doesn't need you to hold it with your hand, it's designed to hold itself while it stimulates you. With your hands you can take the opportunity to stimulate your breasts or your clitoris.
