Product description

DISCOVER ROBIN VIBRATING RNG

Robin is a perfect vibrating ring for couples thanks to its clever and flexible head, the textured stimulator it contains and the ring. Perfect for a trio.

Couples:

Combining cock rings and clitoral stimulation, this talented bullet ring makes you enjoy sharing this incredible experience with your partner. The luxuriously slim and incredibly contoured tip elegantly curves towards the clitoris to provide greater stimulation and more intense orgasms.

For her:

Rippling over the center of the soft, textured body, Robin features tiny waves designed to satisfy, perfectly positioned below the clitoral stimulator.

For him:

Designed for longer lasting stimulation and added fervour, the cock ring's dual action gently lifts the member, enhancing your erection by locking firmly in place and offering solid support for its base.

Treasure Laurence rabbit includes WATCHME watch technology, with the watch included and ready to use with or without the remote control. But what is this technology?

It is a sex smart watch that will help you control TRASURE sex toys. We can synchronize them with sex toys that use watchme technology to control the vibrations and functions of our SexToy

Functions of a WATCHME watch

In a WATCHME watch there are some outstanding functions that we will detail:

- Activate / Deactivate vibration.
- Modify vibration modes
- Modify the intensities in each vibration mode.

HOW TO USE IT?

To enjoy this amazing and thrilling even ring, simply use the flexible bands and slide it over the tip. With the ring still expanded, gently slide it down to the base of the penis and adjust as needed for comfort.

Instantly increase satisfaction with a simple click. Press the wake button or use the watchme remote control.

Located inside the center of this creative and versatile ring is the unique and powerful engine. Robin's motor is strong enough to fully stimulate his member as he strokes her tiny sensitive spot, producing multiple orgasms for couples. As a courtesy the small but mighty motor whispers subtly in its quiet setting.

But are Treasure Toys also waterproof?

Treasure, of course, is waterproof and will be your perfect companion both in a romantic hot tub and under the comfortable sheets at home. The underwater vibes of this fun partner are perceived by many couples as particularly intense.

Treasure, is an elegant and sensual brand that will revolutionize the world of sexuality and sensuality in the coming years thanks to the quality of its products, innovative designs, capable of captivating anyone, and new ideas to find total pleasure in intimate relations.

TREASURE motto

"The empowered woman is here to stay from now on."

Who doesn't like a good orgasm? Do any of you not enjoy the most pleasant intimate relationships? Raise your hand if you don't enjoy it and feel unique in the world while your lover is putting you at 1,000 per hour.

The TREASURE philosophy

We work on the philosophy of satisfying distinguished clients. To that end, we fully support the rights to pleasure that we all have. Thus, we were born not only as TREASURE and manufacturers of revolutionary sex toys, but as designers of experiences that seek full fun, trying to achieve new worlds of satisfaction along the way that overwhelm the five senses.

Thus, TREASURE introduces the new line of sex toys with WATCHME patented technology. In the pre-launch, 500,000 units have been sold divided into 15 countries around the world and we have already managed to stand out in the sector by combining the luxury of its sex toys with the use of the most advanced and latest generation technology.

So far we have talked a lot about elegance in TREASURE products. A touch of luxury at an affordable price for any type of pocket. However, it is necessary to highlight in this revolutionary brand its technology, materials and design. Ready for a new era?

Some of TREASURE's toys include WATCHME watch technology, with the watch included and ready to use with or without the remote control. But what is this technology?
