Product description

Uniq MULTI Non-latex transparent condoms are extremely thin which give a natural feel during intercourse like you wear nothing at all. While regular condoms are from 0.06 to 0.07 mm thick, these Uniq MULTI Non-latex are only 0.008 mm thick. Multipurpose rubbers increase sensitivity and are extra soft.

Uniq MULTI condoms are made of synthetic resin, in other words, they are perfect for those who have a latex allergy. Reach the highest form of pleasure and safety because Uniq MULTI condoms are extra resistant to any heat, oil, or chemical damage.

Perfect for men and women, innovative Uniq MULTI condoms come with a specially designed base. For ultimate protection use it as a male condom, a dam for oral or anal sex, to cover a genital area, or insert it inside the vagina even 4 hours before sexual intercourse. Unique modern 3 multi-cards condom packing is safe to keep in a wallet.
