## Product description

Indulge in whole body orgasms with the Womanizer Duo 2!

The DUO2 is a unique premium rabbit toy that combines sensational clitoral stimulation with powerful G-Spot massages to create advanced, toe-curling orgasms.  The Pleasure Air technology stimulates the clitoris with the perfect balance of pulsating and massaging changes in air pressure without touching the clitoris.  This ensures that your most sensitive area is never over-stimulated while you experience multiple levels of intensity, giving you next level orgasms.

This incredible clitoral sensation is combined with deep G-Spot stimulation via the vibrating shaft.  With a bulbous head on a flexible neck, the 10 vibration patterns are delivered right where you need them with ease.

The vibrations and air pulsations are controlled separately and easily via soft-touch buttons on the top of the stimulator head. With the Smart Silent mode, the DUO 2 will only turn on when in direct contact with your skin, keeping the already quiet rumbles even quieter.  With the Afterglow feature, press the power button briefly after climax, bringing the intensity of the DUO 2 down to level 3 for a relaxing finish. Made with boy-safe silicone, the DUO 2 is waterproof so you can extend playtime into the bath or shower!  Always use a water-based lubricant with the DUO 2 and remember to clean it with a toy cleaner before and after every use.  Take your orgasms to the next level with the Womanizer DUO 2 dual stimulator!
