Producer code	**FETISHID-238118**
EAN	**4251460622790**

Product description

Set yourself free with the new **Womanizer Liberty 2.** The update to the original Liberty. The smaller Womanizer with a magnetic lid makes it easy to take with you when traveling or in your handbag **.**

The **Womanizer Liberty 2** is an air pressure vibrator. When you place the cap around your clitoris, it is massaged with Womanizer's patented Pleasure Air technology. This means that air pressure waves massage the clitoris. You feel a slight vacuum, a suction effect, and at the same time, air pressure pulsations. It actually feels like it's sucking on your clitoris.

The new **Liberty 2** not only has incredibly beautiful new colors, but also two additional, improved modes. This way, you can better find the right position that suits you best or play with more positions to slowly build up to orgasm. The Womanizer **Liberty 2** is waterproof, like all Womanizers, so you can take it with you in the bath or shower. This also makes the Womanizer Liberty 2 easy to clean.

You turn on the **Liberty 2** by clicking the + button. **The Liberty 2** has 8 settings and is easy to operate with the + and – buttons. The Liberty feels compact and lightweight. You turn off the Womanizer **Liberty 2** by pressing the – button a little longer. The **Liberty 2** also has a travel lock. It can be turned on by pressing the + and – buttons simultaneously for two or three seconds. This means **the Liberty 2** cannot be turned on simply by touching the + button. Use the same buttons to remove the Womanizer **Liberty 2** from the travel lock.
