### Product description

One true original recognizes another – Womanizer honors the icon Marilyn Monroe with an elegant, joyful tribute – an indulgent clitoral stimulator for the free-spirited. Marilyn’s powerful and positive legacy is reflected in the elegant White Marble design of this gorgeously silhouetted and eminently pleasurable toy.

The Womanizer Marilyn Monroe™ Special Edition offers you a moment of magic in style. Like you, this toy is a true original: the perfect blend of elegance, simplicity, and pleasure.

Pleasure Air Technology gives you stimulating air pressure that pulsates and massages your clitoris. Every nerve ending gets the attention it deserves as you experience tingling bliss. With 10 intensity levels, perfectly balanced for every mood, your next orgasm is just the push of a button away. Come down from the high of your toe-curling orgasms with the Afterglow setting. One quick press of the power button resets the stimulator to the lowest setting for a relaxing caress.

The Womanizer Marilyn Monroe™ Special Edition is waterproof so you can take your new favourite toy into the bath or shower for some added stimulation to a relaxing soak. Pleasure never goes out of style.
