Number	**75336826**
Producer code	**FETISHID-235681**
EAN	**4251460616256**

Product description

Take a sensational journey to ecstasy with the Womanizer OG G-Spot Vibrator!

Combining the incredible sensations of Pleasure Air Technology and invigorating vibrations, the OG will send you on a trip of pure bliss. The gentle curve and slight flex of the OG is designed to give you the perfect angle to the pleasure air head right where you need it. Pulsating waves of air stimulate your G-spot while the entire shaft vibrates, delivering double the sensations for double the pleasure. Use the OG externally on your clitoris to get your body ready and then insert the OG to explore your G-Sport.

The OG is a delicious experience just for you, so it runs whisper-quiet, even if you can’t. With the Smart Silence feature, it’ll only hum to life once it makes contact with your skin, preserving the battery and minimizing its soft sounds even more.

The 12 Pleasure Air intensity levels are easily controlled with two buttons, either increasing or decreasing the sensations, and the 3 vibration levels can be cycled through with the press of one button. The afterglow feature allows you to come down from your blissful high by dropping the OG down to its lowest setting for a relaxing finish.

Made from body-safe silicone, the OG is smooth, soft, and waterproof, so you can take it into the shower or bath for a little added fun. Only use water-based lubricant with the OG and be sure to clean it with toy cleaner before and after every use.

Play with pleasure like you’ve never felt before with the Womanizer OG G-Spot Vibrator!
