Product description

WUG After Drink is a food supplement with sweeteners, it is composed of Guarana Extract, Vitamin B6, Vitamin B12, Vitamin C, Lycopene Extract, Pineapple Extract and has a pleasant lemon-pineapple flavor. WUG After Party does not need water or digestion, it can be carried anywhere and weighs about 2 grams.

Benefits

The consumption of After Drink metabolizes the toxins that are generated by the intake of alcohol, thus relieving the symptoms of a hangover.

ACTIVE INGREDIENTS

- Pineapple Extract

Pineapple extract facilitates the elimination of toxins through urine due to its diuretic properties.

- Lycopene Extract

Lycopene is another type of carotene, which provides red color, acts as a cell protector and prevents cell destruction by UV rays.

- Guarana Extract

Guarana It is a natural stimulant and an excellent remedy against physical and mental fatigue, prolongs the state of wakefulness and increases the ability to perform work that requires physical effort. The properties of guarana seeds activate our nervous system and make the body secrete more adrenaline.

- Vitamin C

Powerful antioxidant that prevents damage to cell DNA from exposure to free radicals and solar radiation. It also reduces fine lines and wrinkles, minimizes redness, and restores suppleness.

- Vitamin B6

Vitamin B6 helps reduce tiredness and fatigue.

- Vitamin B12

Vitamin B12 helps reduce tiredness and fatigue.

Ingredients

Pineapple Extract · Lycopene Extract · Guarana Extract · Vitamin C · Vitamin B6 · Vitamin B12
