Product description

The **XISE** Realistic Vibrating and Thrusting Female Torso is a premium pleasure experience designed to authentically simulate intimacy with a real body. Thanks to its advanced automatic thrusting motion technology and powerful vibration system, this hyper-realistic masturbator offers unprecedented stimulation. With an anatomically detailed design, high-quality materials, and multiple functions, it provides an immersive and natural sensation, ideal for those seeking maximum realism and comfort in their intimate moments.

Main features

- Hyper-realistic design with anatomical details: This torso has been designed to faithfully replicate the look and feel of the female body. Its structure includes: Soft, moldable breasts, which provide a pleasurable tactile experience. A defined waist and natural curves, providing a realistic appearance. Detailed vaginal lips, with internal textures designed for authentic stimulation.
- Medical-Grade TPE Silicone Material: Made with ultra-soft, flexible, and phthalate-free TPE silicone, ensuring skin-safe use. The texture mimics human skin, providing a warm, natural feel. Its elasticity allows the material to adapt to the body for a more comfortable and pleasurable fit.
- Double penetration channel: vagina
    - Vaginal Canal: Designed with a snug entrance and an internal tunnel with stimulating nodules and textures that intensify pleasure.

Both channels are designed to maximize friction and stimulation, providing an ultra-realistic experience.

- Automatic thrusting system: It features an internal automatic thrusting mechanism that mimics the motion of real penetration. Different intensity levels can be adjusted according to the user's preferences. It generates a fluid, synchronized back-and-forth motion, requiring no manual effort.
- Powerful vibration with multiple modes: Built-in high-power motor for intense stimulation in every channel. Various vibration patterns allow you to customize the experience to your preferences.
- Silent function for more discreet use.
- Multi-position design: Thanks to its realistic size and weight, the torso can be used in different positions, whether on a flat surface, on your lap, or held in your hands. Its stable base allows it to remain steady during use for greater comfort.
- Long-lasting rechargeable battery: Charges via USB, ensuring extended battery life for uninterrupted, enjoyable sessions.
- Efficient motor with low energy consumption.
- Easy to clean and maintain: Water-resistant material, allowing for easy cleaning with warm water and mild soap.
- The use of water-based lubricants is recommended to enhance the experience and preserve the material.
- Dry it completely before storing it in a cool, dry place.

Benefits of XISE's realistic female torso with vibration and thrusting

- Ultra-realistic experience with precise anatomical details.

- Double penetration channel with differentiated textures.
- Automatic thrusting movement that simulates real penetration.
- Powerful vibration system with different adjustable modes.
- Safe and soft TPE silicone material, imitating human skin.
- Ergonomic and multi-position design, adaptable to different preferences.
- Easy to clean and maintain, with resistant and highly durable materials.

The **XISE** Realistic Vibrating Thrusting Female Torso is the perfect combination of realism, technology, and comfort. With its automatic movement system, textured dual channels, and powerful vibration, it offers an unprecedented pleasurable experience. Designed for those seeking the best in high-end toys, this torso is the ideal choice for enjoying intense, varied, and completely immersive stimulation.
