Product description

The **XISE** brand realistic multi-position masturbator is designed to offer an intense and realistic experience thanks to its advanced thrusting automatic thrusting movement and vibration technology. With an anatomically detailed design, high-quality materials, this premium toy provides unparalleled stimulation that mimics the sensation of an authentic intimate experience. In addition, its multi-position structure allows it to be enjoyed in various ways, adapting to the users preferences.

Features main

- Hyper-Realistic Design with Anatomical Details: This masturbator has been accurately modeled to replicate the feel and appearance of a female pelvis. It features soft and stretchy synthetic skin, detailed vaginal lips and an internal texture designed to provide maximum stimulation.
- Medical-Grade TPE Silicone Material: Made with high-quality TPE silicone, this material is hyper-soft, flexible, stretchy, and safe for skin. Its realistic feel warms with use and provides a pleasurable sensation similar to human skin.
- Thrusting system automatic thrusting movement: It incorporates an internal thrusting mechanism that generates a natural back-and-forth motion, mimicking the sensation of real penetration without the need for manual effort.
- Various thrusting speeds allow you to customize the intensity of pleasure.
- Fluid, synchronized movement with the vibration for an immersive experience.
- Powerful vibration with multiple modes: Equipped with a high-power vibration motor that intensifies stimulation in each channel.
- Different vibration patterns to adjust the experience according to the users preferences.
- Silent mode for a discreet experience.
- Wide reach for greater comfort.
- Multi-position design: Thanks to its compact and stable structure, the masturbator can be used in different positions. It can be placed on a flat surface, held in your hands, or fixed at different angles to simulate various erotic positions.
- Long-lasting rechargeable battery: It charges via USB, offering extended battery life for uninterrupted pleasure sessions.
- High-performance motor with efficient energy consumption.
- Easy to clean and maintain: Its design allows for easy cleaning with warm water and neutral soap.
- The use of water-based lubricants is recommended to enhance the experience and protect the material.
- It should be completely dried before storing it in a cool, dry place.
