Product description

XISEs realistic multi-position vagina and anus masturbators are designed to offer a realistic and immersive pleasure experience. These sex toys stand out for their detailed anatomical design, their versatility for different positions, and their manufacture with high-quality materials that replicate the softness and elasticity of human skin.

Key Features

- **Hyper-Realistic Design:** Molded with precise details to imitate the appearance and texture of a real vagina and anus.
- **Double Penetration Channel:**
- **Vagina:** Tight entrance with a textured internal tunnel that simulates real penetration.
- **Anus:** Tighter canal with a different texture for greater pressure and stimulation.
- **Stimulating Internal Texture:** Both canals are designed with ridges, nodules, and suction chambers that increase friction and the feeling of pressure around the penis.
- **Medical-Grade TPE Silicone Material:** The texture is ultra-smooth, stretchy, and completely body-safe.
- **Design Multi-position:** Its structure allows it to be used in different positions, resting on flat surfaces or held in the hands.
- **Use with lubricants:** The use of water-based lubricants is recommended to enhance the experience.
- **Easy to clean:** It is removable and waterproof for easy hygiene.
- **Realistic weight and size:** Provides greater stability and a sense of realism during use.
