Product description

The **XISE** Realistic Male Thrusting and Vibrating Torso is a high-end toy designed to offer a completely realistic and immersive intimate experience. Its anatomically detailed design, coupled with its advanced automatic thrusting motion technology and powerful vibration system, provides intense and personalized stimulation. Made with high-quality TPE silicone, its soft and flexible texture imitates human skin, providing an authentic and pleasurable sensation. With a versatile design and multiple modes of use, this torso is ideal for those looking for a stimulating and realistic experience with advanced functions.

Features main

- Realistic Design with Anatomical Details: This torso has been carefully designed to offer the most natural look and feel possible. Its features include: Defined pecs and a defined abdomen, providing an attractive and realistic structure. Slim waist and natural muscular curves, with an ergonomic shape for greater comfort. Built-in realistic dildo, with details such as veins and a pronounced glans for an authentic experience.
- Medical Grade TPE Silicone Material: Made with ultra-soft, skin-safe, and phthalate-free TPE silicone. Flexible and elastic texture that mimics human skin, providing a warm and natural feeling to the touch. Hypoallergenic and easy to warm upon contact with the body, providing a more realistic experience.
- Thrusting System Automatic Thrusting Movement: Automatic penetration mechanism that simulates a thrusting motion in a natural and fluid manner. Various adjustable intensities and speeds allow the experience to be customized according to the users preferences. Movement synchronized with the bodys torso, providing an immersive and authentic sensation.
- Powerful Vibration with Multiple Modes: Built-in high-power motor that generates intense vibrations at different points of the torso. Various vibration patterns, from gentle pulsations to deeper stimulation.
- Stable, multi-position design: Its balanced base and weight allow it to be placed in different positions without moving. It can be used on a flat surface or on your lap for added comfort and versatility.
- Long-lasting rechargeable battery: Charges via USB, ensuring extended battery life for uninterrupted sessions.
- Easy to clean and maintain: Waterproof material allows for easy cleaning with warm water and mild soap.
- Compatible with water-based lubricants for a better experience and material preservation.
- It is recommended to dry it completely before storing it in a cool, dry place.

Benefits of XISEs realistic male torso with thrusting and vibration

- Realistic simulation with details Precise anatomical contours.
- Automatic thrusting system that mimics real penetration movements.
