Product description

The SuckTrocker mouth-shaped masturbator from **XISE** is designed to offer an intense and realistic pleasure experience, combining suction, vibration and an ultra-realistic texture. Inspired by oral contact, this innovative masturbator has an ergonomic structure that imitates the sensation of a real mouth, with soft lips, a textured internal cavity and an adjustable suction channel for immersive stimulation.

Made with medical-grade TPE silicone, the SuckTrocker provides a silky and elastic texture, which adapts perfectly to the body for a natural and pleasurable sensation. Its powerful vibration system with multiple modes intensifies the pleasure, generating a suction effect and Deep stimulation. Ideal for those seeking a realistic, hands-free oral sex experience, this masturbator is the perfect complement for solo pleasure.
