Product description

The **XISE** Realistic Vibrating and Thrusting Female Torso is a premium pleasure experience designed to authentically simulate intimacy with a real body. Thanks to its advanced automatic thrusting technology and powerful vibration system, this hyper-realistic masturbator offers unprecedented stimulation. With an anatomically detailed design, high-quality materials, and multiple functions, it provides an immersive and natural sensation, ideal for those seeking maximum realism and comfort in their intimate moments.

Key Features

- Hyper-Realistic Design with anatomical details: This torso has been designed to faithfully replicate the look and feel of the female body. Its structure includes: Soft, moldable breasts, which provide a pleasurable tactile experience. Defined waist and natural curves, providing a realistic appearance. Detailed vaginal lips and a realistic anal entrance, with internal textures designed for authentic stimulation.
- Medical-grade TPE silicone material: Made with ultra-soft, flexible, and phthalate-free TPE silicone, ensuring safe use on the skin. The texture mimics human skin, providing a warm and natural feeling to the touch. Its elasticity allows the material to adapt to the body for a more comfortable and pleasurable fit.
- Double penetration channel: vagina and anus
    - Vaginal canal: Designed with a tight entrance and an internal tunnel with stimulating nodules and textures that intensify pleasure.
    - Anal canal: Narrower and with a differentiated texture for greater pressure and a tight feeling.

Both channels are designed to maximize friction and stimulation, providing an ultra-smooth experience. Realistic.

- Thrusting system automatic thrusting movement: Incorporates an internal automatic thrusting mechanism, which imitates the movement of a real penetration. Different intensity levels can be adjusted according to the users preferences. Generates a fluid and synchronized back and forth motion, without the need for manual effort.
- Powerful vibration with multiple modes: Built-in high-power motor for intense stimulation in each channel. Various vibration patterns allow you to customize the experience to your preferences.
- Silent function for more discreet use.
- Multi-position design: Thanks to its realistic size and weight, the torso can be used in different positions, whether on a flat surface, on your lap, or held in your hands. Its stable base allows it to remain steady during use for greater comfort.
- Long-lasting rechargeable battery Duration: Charges via USB, ensuring extended battery life for uninterrupted, pleasurable sessions.
- Efficient motor with low energy consumption.
- Easy to clean and maintain: Waterproof material allows for easy cleaning with warm water and mild soap.
- The use of water-based lubricants is recommended to enhance the experience and preserve the material.
- Dry completely before storing in a cool, dry place.
- Measurements: 40 cm long and 30 cm wide
- Product weight: 8500 g

Benefits of XISEs realistic female torso with vibration and thrusting

- Ultra-realistic experience with precise anatomical details.
