## Product description

The **XISE** Realistic Female Torso with Vibration and Remote Control is a high-quality toy designed to provide an immersive and pleasurable experience. With a hyper-realistic anatomical design, premium materials, and the addition of remote-controlled vibration, this masturbator offers intense and varied stimulation. Its multiple erogenous zones, multi-position structure, and advanced technology make it an ideal choice for those seeking realistic pleasure with an innovative touch.

**Key Features**

- Hyper-realistic design with anatomical details: This torso has been Precision molded to replicate the shape and texture of a real female body. Features soft, moldable breasts, a defined waist, and a naturally curvy structure for an immersive visual and tactile experience.
- Medical Grade TPE Silicone Material: Made with ultra-soft, stretchy, phthalate-free TPE silicone, this material is skin-safe, hypoallergenic, and gentle to the touch. Warms with use for an even more realistic feel.
- Double penetration channel: vagina and anus
    - Vagina: Designed with a narrow entrance and a textured internal tunnel with ridges and nodules to simulate real penetration.
    - Anus: Tighter channel with a distinct texture that generates greater pressure and stimulation.

- Remote-controlled vibration system: Equipped with a powerful vibrating motor, this torso offers different vibration levels to Intensify stimulation. Wireless remote control allows you to adjust the intensity and modes without interrupting the experience.
- Various vibration settings to customize pleasure according to the users preferences.
- Realistic and stimulating internal texture: Both channels are designed with ridges, suction chambers and strategic points that increase friction and generate more intense stimulation with each movement.
- Multi-position and stable design:  Thanks to its balanced weight and realistic size, the torso can be used in different positions for greater versatility. It can be placed on a flat surface, held in your hands, or fixed at a specific angle to simulate erotic positions.
- Realistic and Moldable Breasts: The torso breasts are soft and flexible, offering a pleasurable sensation to the touch. They can be stimulated with your hands for a more immersive experience.
- Long-lasting rechargeable battery: It is easily charged via a USB cable, ensuring a long use time.
- The vibration motor is quiet and discreet, ideal for an uninterrupted intimate experience.
- Recommended use with water-based lubricants:To maximize sensation and facilitate penetration, the use of water-based lubricants is recommended, which also helps prolong the life of the product.
- Easy to clean and maintain: Its water-resistant material allows for easy cleaning with warm water and neutral soap. It is recommended to dry it completely before storing it in a a cool, dry place.

**Benefits of the XISE Vibrating Realistic Female Torso**

- Hyper-realistic simulation with high-quality materials

- Remote-controlled vibration system for heightened stimulation
- Internal channels with differentiated textures for greater pleasure
- Multi-position design for versatile experiences
