Product description

Delay Gel from the XPOWER product range helps to delay ejaculation and to last longer during sex, thanks to the effects of Peppermint and the St John's Wort.

Applying simple and quickly one or two pumps of the delaying gel to the head of the penis just before sex is enough for the gentle numbing effects to take place. Thanks to Delay Gel by Labophyto you can better control premature ejaculation and make pleasure last longer. Delay Gel is also edible and can therefore be easily applied during foreplay.

- Delay premature ejaculation and give your bedroom performance a boost
- 60 ml

Highlights:

- Oat and Peppermint are well-known for their numbing effects.
- St. John's Wort decreases muscle contraction responsible for erection.
- Peppermint decreases the sensitivity of the penis, thanks to its light numbing effects.

Directions for use:

- Apply the gel on the head of the penis before intercourse and massage until absorbed. Test for skin sensitivity before using, by applying a small amount to your forearm. Stop use in case of allergic reaction. For external use only. Keep out of reach of children. Store in a dry, cool and dark place. Edible and safely to use with condoms.

Net volume:

- 60 ml
