Product description

Manufactured by Labophyto, the White Water-Based Lube of the Xpower range and its natural white color that looks like sperm is a water-based lubricant. Its color and its texture of sperm make it erotic while ensuring an effective and pleasant lubrication. Its neutral ph for the skin and its vegan composition will know how to respect your body while ensuring an intense pleasure to him. It can also contribute to reduce the vaginal dryness for a more pleasant intercourse.

The White Water-Based Lube is therefore an excellent product to :

- Make the lubrication erotic thanks to its white color and its texture which resembles sperm.
- Ensure intense feelings by spreading easily.
- Respect your skin with its neutral ph

Directions for use:

Apply Xpower White Water-Based Lube to the desired body part and spread. The water-based formula can be absorbed by the skin over time so feel free to add more lubricant during intercourse to ensure continued intense pleasure. Compatible with silicone sex toys.

Lube Guide

Water-Based Lube Guide

Water-based lubes can dry out during long sessions – reactivate with a few drops of water or saliva. They leave no stains and wash off easily with water.

Our selection includes hypoallergenic, pH-balanced, and organic options for sensitive skin.
